PROFESSIONAL SUMMARY

I am determined, resilient, and driven to achieve my goals. Obstacles inspire me to push harder, and I constantly strive to improve, believing persistence is the ultimate key to success

WORK EXPERIENCE

Intern Software Engineer , RNR Solutions Limited

July 01st 2025 - Present

RNR Solutions excels in consultation and development services for Microsoft Dynamics F&O. In addition to their expertise in Microsoft Dynamics, they provide cutting-edge solutions including mobile app development, integration of artificial intelligence, and streamlining processes through robotics

PROJECTS

- **E-Shift Management System**
Developed a moving company management system that allows users to book shifts and enables admins to view and update booking details. Built using **C#, MySQL, and Visual Studio, with GitHub** for version control.
- **Fashion Shop Management System**
Created a desktop application that allows users to browse clothing items and make purchases. Developed using **Java, JavaFX, and IntelliJ IDEA**, ensuring a smooth and interactive user experience.
- **MediCare Management System**
Designed and implemented a healthcare management application following the **MVC architecture using C#**, focusing on efficient data handling and user interface management.
- **FoodHub Management System**
Built a restaurant management system using **C# and MySQL**, enabling efficient handling of orders, menu updates, and customer records.
- **Online Event Ticketing System**
Developed an event ticketing platform for customers, organizers, and admins. Built with **C#, .NET 8.0 MVC, SQL Server**, and Visual Studio 2022, using Entity Framework Core and role-based authentication. Features include ticket booking with QR codes, discount codes, loyalty points, and reporting dashboards

TECHNOLOGIES

- **Languages:** Java, Python, JavaScript
- **Web Technologies:** React.js, Django, HTML, CSS
- **Frameworks/Tools:** React
- **Databases:** MySQL
- **Version Control:** Git
- **Cloud & Infrastructure:** AWS, Google Cloud Platform (GCP), Alibaba Cloud

EDUCATION

Esoft Metro College

May 1st of 2023 - Present

- Pearson – Diploma in Information Technology (DITEC)
- Pearson – BTEC HND in Computing
